

# UPDATING A CHROMEBOOK

The image shows a Chrome OS desktop environment. On the left is the Settings application with a sidebar menu. The 'About Chrome OS' page is open, displaying the version number and a 'Check for updates' button. On the right, the system tray is visible, showing the notification shade, quick settings, and the system tray with a 'Sign out' button and system icons. Red callouts with numbers 1, 2, 3, and 4 point to specific elements: 1 points to the system tray, 2 points to the notification shade, 3 points to the 'About Chrome OS' menu item, and 4 points to the 'Check for updates' button.

**Students should log into the Chromebook.**

1. Click in the grey oval on the bottom right by the time.
2. Click the Gear
3. Click About Chrome OS at the bottom of the left column.
4. Click on [Check for updates](#) on the top of the middle section
5. Let it update and then Restart. It's always good to Restart and then check for updates again.
